Dear Professor Thompson,

Somehow, inadvertently, I dropped POLI 270, Classical Political Thought, from the list of courses we wanted to be able to count towards the Political Science component of the PPE minor. We are writing now to ask for the Ad Board's approval to include POLI 270 as an approved course.

The readings, assignments, and staffing of this course means that it has a content and focus that fits well with the PPE minor.

With appreciation for your time and consideration, we are

Cordially yours,

Geoffrey Sayre-McCord
