MEMORANDUM FOR Administrative Boards of the College of Arts and Sciences

SUBJECT: Curriculum Proposal for Military Science 2016-2017

1. Update to Military Science Minor. I would like to request a change of the Military Science Minor from Military Science to Military Science and Leadership. This will help standardize the minor across US Army Cadet Command and more accurately describe the focus of the curricula.

2. I would also like to add the following courses to the list allowed to count for the award of the minor. These courses will allow the opportunity for students to expand their understanding of current issues encountered by military leaders.

- a. PWAD/HIST/WMST 517, Gender, Military, and War in Comparative Perspective
- b. PWAD/POLI 444, Seminar on Terrorism
- c. PWAD 488, Nuclear Security in the 21st Century
- d. PWAD/PHIL 272, Ethics of Peace, War, and Defense

3. The point of contact is Daniel Knott at 919-962-5546 or DLKnott@email.unc.edu.
