Curriculum Revision Request: BA and BS degrees in Psychology

September 19, 2014

Dear Administrative Boards:

We recently added a new course—PSYC 493, Internship in Psychology—to our course listings. This course should count as an elective requirement toward the BA and BS Psychology degrees, but not count towards the upper-level course requirement. We are requesting that information about requirements for both the BA and BS Psychology majors in the Undergraduate Bulletin be edited as follows:

Please change:

- Two additional psychology courses numbered between 400 and 650

To the following text:

- Two additional psychology courses numbered between 400 and 650; may not include PSYC 493

Because this course has not been offered in the past, no “transition” plan is necessary.

Thank you very much.

Sincerely,

Donald T. Lysle, Ph.D.
Kenan Distinguished Professor
Chair, Department of Psychology

Beth Kurtz-Costes
Professor and Director of Undergraduate Studies
Department of Psychology
